Sculpture of Time A5-01

Discover a unique table clock that allows
to experience *Time* differently.

Born from the encounter of a designer and
an engineer who share the same passion
for beautiful objects.

«The truly analogical time keeper that invites to contemplation and to enjoy the present moment»

Sculpture of Time A5-01

«The relentless scrolling of digital seconds is replaced here by a poetic and architectural time frame, encouraging encounters»

Sculpture of Time A5-01

A close-up, black and white photograph of a metal blade, likely a pocket knife blade, set against a black background. The blade is oriented horizontally, tapering to a point on the right. The surface has a fine, brushed metal texture. In the upper right quadrant, the words "SWISS MADE" are engraved in a clean, sans-serif font. Below this, towards the center, is a vertical line followed by the number "16". To the left of the "16", there are several shorter vertical lines of varying lengths, suggesting a scale or measurement markings. The lighting is dramatic, highlighting the sharp edge and the texture of the metal.
